Additionally, district-wide departments, Board policy, and administrative rulings may have published procedures which affect employees (Payroll Department, for example).

THE FLORENCE COUNTY SCHOOL DISTRICT THREE POLICIES AND PROCEDURES, WHETHER OR NOT CONTAINED IN THIS HANDBOOK, ARE NOT AN EMPLOYMENT CONTRACT NOR ARE THEY TERMS OF AN EMPLOYMENT CONTRACT, THE SCHOOL DISTRICT'S EMPLOYEES (OTHER THAN EMPLOYEES IN POSITIONS COVERED BY SOUTH CAROLINA CODE OF LAW, OR EMPLOYEES WHO HAVE SPECIFIC EMPLOYMENT CONTRACTS) ARE ALL EMPLOYEES AT WILL. THIS MEANS THE EMPLOYEE OR THE SCHOOL DISTRICT HAS THE RIGHT TO TERMINATE THE RELATIONSHIP AT ANY TIME, WITH OR WITHOUT REASON. THIS HANDBOOK IS NOT INTENDED TO CREATE AN EMPLOYMENT CONTRACT.

The Florence County School District Three Employee Handbook is posted on the district website for all staff to review and familiarize themselves with district policies and procedures. Revisions to the handbook will be made as necessary. We believe the information contained in this handbook to be accurate at the time of publication. All employees should be alert to changes in policies and/or procedures implemented during the year. Because we always seek to improve the usefulness of this handbook, employees are encouraged to send written suggestions or ideas regarding its content to the Office of Human Resources.

The vision of the Florence District Three System is to ensure that every student achieves mastery of academic skills essential for success in life, acquires the knowledge needed to live as a productive citizen in a rapidly changing world, and gains understanding and respect for self and others.

The success of our school system depends on adherence to the highest ethical principles in the operation of the system and in the relationship between the board of trustees and superintendent, the superintendent and staff, and the staff and students. This code reflects the principles, goals and responsibilities that are essential to ensuring the integrity of the school system and these relationships. All persons who are a part of the Florence County School District Three system shall seek to:

1. Assure the opportunity for high quality education for every student and make the well-being of students the fundamental principle for all decisions and actions;
2. Uphold the principles of due process and individual dignity; respect and protect the civil and human rights of everyone;
3. Consider all issues fairly;

8. Maintain high standards and a strong work ethic;
9. Act as part of an educational team with mutual respect and regard for each other;
10. Act with honesty, fairness, integrity and discretion in all relationships.

CODE OF ETHICS ESTABLISHED BY THE NATIONAL EDUCATION ASSOC.

The purpose of this Code of Ethics is to define standards of professional conduct.

The educator believes in the worth and dignity of each human being and recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals are the protection of freedom to learn and to teach and the guarantee of equal educational opportunities for all. The educator strives to maintain the respect and confidence of colleagues, students, parents, and legal guardians, and the community, and to serve as an appropriate role model. The educator exemplifies a commitment to the teaching and learning processes with accountability to the students, maintains professional growth, exercises professional judgment, and personifies integrity.

To uphold these commitments, the educator should exemplify:

1. Principle I – Commitment to the Student
 - a) The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator, therefore, works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.
 - b) In fulfillment of the obligation to the student, the educator:
 - (1) Shall not unreasonably restrain the student from independent action in the pursuit of learning;
 - (2) Shall not unreasonably deny the student to varying points of view;

- (3) Shall not deliberately suppress or distort subject matter relevant to the student's progress;
- (4) Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety;
- (5) Shall not intentionally expose the student to embarrassment or disparagement;
- (6) Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social or cultural background, or sexual orientation unfairly:
 - i. Exclude any student from participation in any program;
 - ii. Deny benefits to any student;
 - iii. Grant any advantage to any student.
- (7) Shall not use professional relationships with students for private advantage;
- (8) Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

2. Principle II – Commitment to the Profession

- a) The education profession is vested by the public with the trust and responsibility requiring the highest ideals of professional service. In the belief that the quality of services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of trust to careers in education and to assist in preventing the practice of the profession by unqualified persons.
- b) In fulfillment of the obligation to the profession, the educator:
 - (1) Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications;
 - (2) Shall not misrepresent his/her professional qualifications;
 - (3) Shall not assist entry into the profession of person known to be unqualified in respect to character, education, or other relevant attributes;
 - (4) Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position;
 - (5) Shall not disclose information about colleagues obtained in the course of professional service unless the disclosure serves a compelling professional purpose or is required by law;
 - (6) Shall not assist a non-educator in the unauthorized practice of teaching;
 - (7) Shall not knowingly make false or malicious statements about a colleague;
 - (8) Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

Furthermore, educators are under the jurisdiction of the “Ethical Conduct of Public Officials and Employees,” Section 8-13-20 of the South Carolina Code, 1976, as amended and are subject to the rules of conduct of the statute. (Reference: Board of Trustees Policy GBU)

A public official or employee:

1. Shall not use his/her position or office for personal financial gain (Sec. 8-13-410);

2. Shall not participate directly or indirectly in a procurement when he/she has knowledge or notice that: (a) he/she or any business with which he/she is associated has a financial interest pertaining to the procurement; (b) any other person, business, or organization with whom he/she or a member of his/her household is negotiating or has an arrangement concerning prospective employment is involved in the procurement (Sec. 8-13-410);
3. Shall not be deemed to have a conflict of interest with regard to matters pertaining to a financial interest in a blind trust held by him/her or any members of his household, provided that disclosure of the existence of the blind trust has been made to the appropriate supervisory office (Sec. 8-13-410);
4. Shall not receive compensation, including a promise of future employment, to influence action for the award of a subcontract or order (Sec. 8-13-420);

ACCEPTABLE USE/INTERNET AND E-MAIL ACCESS

The purpose of the District’s educational network is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. All use of the internet and network must be in support of education and research and be consistent with the educational objectives of the District. Use of other networks or computing resources must comply with the rules governing those networks. Transmission or any material in violation of any Federal or State laws or regulations is prohibited; this includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secret. Access to computer systems and networks owned or operated by the District impose certain responsibilities and obligations on users and is subject to District policies and local, State, and Federal laws.

Acceptable use is always ethical, reflects honesty, and shows restraint in the consumption of shared resources. It demonstrates respect for intellectual property, ownership of information, system security mechanisms, and the individual’s rights to privacy and freedom from intimidation, harassment, and unwarranted annoyance. (Reference: Board of Trustees Policy IJN)

COMMUNICABLE DISEASES – EMPLOYEE SAFETY

The Florence County School District Three will attempt to provide a safe and secure environment for all students and employees. CONFLICT OF INTEREST

The Florence District Three Board of Trustees recognizes that all business transactions in which the school system engages not only must be within the law, but also must reflect generally accepted fair trade practices. The board further recognizes the need for all employees to refrain from engaging in inappropriate business-related behavior. Employees of the school system shall not:

- Engage in selling goods or services to the board;
- Engage in or have a financial interest in any activity that conflicts or raises a reasonable question of conflict with duties or responsibilities in the school system;

CORPORAL PUNISHMENT

The board believes that a well-disciplined school system can be maintained without the use of corporal punishment and force. Therefore, board policy prohibits the use of corporal punishment by principals, assistant principals, teachers, and substitute teachers, any other school system personnel, student teachers or volunteers. All school personnel will be informed of this policy on an annual basis. (Reference: Board of Trustees Policy JDA)

CRIMINAL RECORDS CHECK (EMPLOYEES and SUBSTITUTES)

Board policy requires a criminal record history check on newly hired employees. A criminal records check will also be conducted on a random or rotating basis on all annually rehired and current employees including substitutes. (Reference: Board of Trustees Policy GBC)

CRIMINAL RECORDS CHECK (VOLUNTEERS)

Reasonable background inquiries and checks are required for any volunteers (to include interns, student teachers, tutors or similar roles) who have unsupervised contact with students. Prior to the usage of any volunteer in a role which may allow unsupervised contact with students, the school principal, besides checking appropriate references, shall also submit required documentation to the Human Resources Office, signed by the prospective volunteer. The signed form must include appropriate personal information to allow the district to complete an in-state criminal record check and sufficiently detailed information to enable the district to investigate any out-of-state or federal arrests or convictions. New or updated forms and rechecks will be required annually for each successive fiscal/school year.

DISCIPLINE, SUSPENSION, AND DISMISSAL OF CERTIFIED STAFF

It is the responsibility of the Board of Trustees and school and district administration to operate the schools of Florence County School District Three in a manner that will maintain a broad community confidence in a support of the public schools of this district. In the absence of such support, the district cannot maintain a strong, effective public education program.

Dismissal of Certified Personnel

It is the policy of the board to remove from employment any educator who shall fail or who may be incompetent to give instruction in accordance with the directions of the superintendent or who shall otherwise manifest an evidence of unfitness for teaching.

Evident unfitness for teaching is manifested by conduct such as, but not limited to, the following:

2. Willful violation of rules and regulations of the State of South Carolina and the Florence County School District Three Board of Trustees;
3. Drunkenness;
4. Conviction of a violation of the laws of this state or the United States;
5. Gross immorality;

7. Illegal use, sale or possession of drugs or narcotics.

Discipline

Any

disciplinary action will be implemented pursuant to the provisions of the *Teacher Employment and Dismissal Act*, Section 59-25-410, et seq., of the Code of Laws of South Carolina 1976. Educator is to be interpreted as all certified personnel.

(1) Notification of Conduct

The administrator shall meet with the employee and identify the area(s) of unsatisfactory and/or inappropriate performance. Suggestions for corrective action shall be made with identifiable timelines. Consequences for further violations shall also be made at this time. The employee shall receive a written summary of the conference which shall be signed by both parties. This notification shall become part of the educator's file.

(2) Written Reprimand

In the event that the employee violates established protocol, policy, or law, or if he-she continues to display conduct which has been previously identified as unacceptable, the employee will receive an immediate written reprimand and may be subject to disciplinary action including but not limited to suspension or dismissal.

(3) Suspension

Whenever the superintendent has reason to believe that cause exists for the dismissal of an educator and that the immediate suspension of the individual is necessary in the best interests of the children and/or safety of its employees, the superintendent may suspend an educator without notice or without a hearing. The superintendent shall notify the educator in writing of the suspension, identifying the cause of such action. The notice shall include the fact that a hearing before the Florence County School District Three Board of Trustees is available to the educator upon request provided the request is made in writing within 15 days. The salary of the suspended employee will be terminated on the date the Board of Trustees sustains the suspension and subsequent dismissal of the employee. (Reference: Board of Trustees Policy GBN)

DISPOSAL OF BOARD PROPERTY

Individual employees are not authorized to give away, sell or otherwise dispose of school district property. Such disposals shall be handled by appropriate staff in accordance with state statutory requirements and local policy governance limitations.

(Reference: SC Code, 1976 section 59-19-190; section 59-19-250; Board of Trustees Policy DFN)

DRUG, ALCOHOL, AND TOBACCO-FREE WORKPLACE

Due to the commitment to a drug and alcohol free workplace, it is the policy of Florence County School District Three that the work environment shall be free of the presence of alcoholic beverages or unlawful controlled substances and that employees shall perform their job assignments safely, efficiently, and without the adverse influence of alcohol or controlled substances. Therefore, the school system requires the following:

1. No employee will unlawfully manufacture, distribute, dispense, possess or use any drug on or in the workplace. "Drug" means any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any controlled substance as defined by the act and regulation of federal or state law. No employee shall be under the influence of alcohol or drugs while at school or at a school-sponsored activity.

This policy shall govern each employee (1) during school hours, (2) while on any property owned or leased by the board, (3) at any time during which the employee is acting in the course and scope of his/her employment with the board, and/or (4) at any other time that the employee's violation of this policy has a direct and adverse effect upon the performance of his/her job.

Violation of this policy shall subject an individual to personnel action including, but not limited to, termination of employment or the requirement that the employee participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by the Administration, or suspension, with or without pay, or conditional continuation of employment, or any combination of these enumerated actions. The acts prohibited by this policy do not include the lawful and proper use of drugs prescribed by a doctor or over-the-counter medications. However, no employee shall report to work or engage in normal duties, if he/she is visibly and/or knowingly impaired by drugs prescribed by a doctor or over-the-counter medications. Such conduct is considered improper and may result in further disciplinary action up to and including dismissal. (Reference: Board of Trustees Policy GAMB)

EMERGENCY CLOSINGS

In case of school cancellation, delayed opening and/or early dismissal of school due to emergency and/or hazardous conditions, the official closing notice will be put on the district and school websites (www.florence3.k12.sc.us) and will also be placed on local media. Announcements will be made on the following television and radio stations:

TV Stations

WBTW TV-13

WPDE TV-15

WMBF TV-10

Radio Stations

WMHK Columbia 89.7 FM

WPDT Lake City 105.1 FM

WMXT Florence 102.1 FM

WJMX Florence 103.3 FM

Television and radio stations will be notified, when necessary, early on the morning(s) of hazardous conditions. When school is cancelled for the day(s) due to hazardous conditions, the cancelled day(s) will be re-scheduled in the school calendar using existing weather days. Emergency closings exceeding these allotted weather days will be made up at the direction of the superintendent with approval of the board of trustees.

Any changes in the time for the employees to report to work will be announced by the Superintendent at the time of the school cancellation announcement.

If school opening is delayed for students, school-based non-administrative employees are expected to report at least fifteen (15) minutes before the time designated for students to arrive; this time (delayed opening) will not have to be made up. The following work groups – bus drivers, food service, custodians and maintenance-will have their work schedule for emergency closing set by their supervisors. If for some reason the above appropriate time-line is not possible, the employee will contact the principal/supervisor about the arrival problem and the issue of taking leave or making up the time missed.

If school is dismissed early, teachers and other school-based employees will be dismissed fifteen (15) minutes after all students have departed. This time will not have to be made up. A principal or his/her designated representative must remain at the school until notified by the supervisor of transportation or his/her representative that all of their students who ride school buses assigned to their schools have been delivered to their afternoon destinations. District office personnel will be dismissed at the discretion of the Superintendent.

EMPLOYEE ABSENCES

When absent from duty for whatever reason, an employee must notify the appropriate supervisor or building administrator of his/her inability to report to work as soon as the need for absence is known, but not later than the beginning of the work day. It is the employee's responsibility to provide notification of each day's absence unless an extended number of absences have been established.

If the employee fails to notify the appropriate supervisor or building administrator (or designee) of his/her absence, a deduction will be made from his/her salary for the time lost. Unexplained absences or leaving the job site without authorization will not be tolerated and will be considered sufficient cause for discharge.

The appropriate supervisor, building administrator, or the Human Resources Department may require, at any time, a statement from a medical doctor or other acceptable proof that the employee was unable to work. Such documentation is required for absences of more than five (5) consecutive days. The required leave forms and, if necessary, supporting documentation must be submitted to the individual designated by the work site no less than three (3) days after employee returns to work. Failure to do so may result in the absence being designated as uncompensated leave, and daily pay rate will be deducted from the employee. (Reference: Board of Trustees Policy GAR)

EMPLOYEE DRESS CODE

All faculty and employees of Florence School District Three serve as role models for the students with whom they work and as leaders in the community. Consistent with these roles, all faculty and employees shall dress in a manner and have an appearance that is appropriate and professional in light of the environment in which they work, the duties of their jobs, and the impressionable youth they serve. Supervisors and school level administrators are authorized to interpret this policy and their interpretations shall be given deference.

Teachers and administrators should adhere to a professional dress code in the school. Such a code means that clothing that common sense dictates is not appropriate for a classroom, business office, or parent's meeting should not be worn. For example, teachers should not wear sneakers, flip flops, jeans, spandex, shorts, oversized T-shirts, see through clothing, low-cut blouses, or sweat suits. But teachers may wear neat jeans, sneakers, and sweat suits when appropriate for activities such as field trips, physical education classes, or art classes. (Reference: Board of Trustees Policy GAMC-R)

EQUAL OPPORTUNITY EMPLOYMENT

The Florence School District Three is an equal opportunity employer and does not discriminate on the basis of race, creed, color, religion, national origin, marital status, disability, sex, age, (except where sex or age is a bona fide occupational qualification), in any of its educational or employment programs and activities. Concerns in this area should be discussed with one's supervisor or the building administrator, or their supervisor's supervisor.

If concerns remain, employees should contact the superintendent's designee responsible for EEOC complaints. (Reference: Board of Trustees Policy GBC)

EXTRA DUTY ASSIGNMENT

Employees are expected to carry out all reasonable duties before, after, and during the school day which are requested by the principal.

Bus Duty

Principals of schools served by buses are required to have at least one employee on the grounds to supervise children who may arrive early or depart late.

Hall Duty

Teachers are expected to take a position just outside the classroom door during the change of class periods. Teachers are to be energetic and positively assertive in curbing behavior problems as students are exchanging classes. At the designated time, the teacher is to move into the classroom to begin the class session. Teachers should follow school policies in referring students who are tardy to the appropriate individual.

Lunch Duty

Efforts will be made to provide teachers with a duty-free lunch period. Educators may be required to escort their students to and from the dining area. Principals may assign teachers to assist in the supervision of students during the lunch period.

GRIEVANCES – EMPLOYEES

Florence School District Three encourages the administration to attempt actively to resolve differences and to reduce the potential sources of conflict among employees. Open, effective channels of communication among all employees, administrators and the board shall be established and maintained. Any employee who has a grievance against the school district or against another employee within the district shall have the opportunity for an orderly presentation and impartial review of the grievance.

It is usually more effective for an employee and his/her immediate supervisor to resolve potential conflicts through open and informal communication. In addition, the policy and its accompanying administrative procedure address formal and informal grievances, the right to representation, procedures and timelines, confidentiality, bypassing rights and release time.

Grievance procedure

Each level will be observed and followed with normal order of proper channels. Exceptions may be made in emergencies.

LEVEL ONE – ORAL REVIEW WITH IMMEDIATE SUPERVISOR/WITTEN GRIEVANCE TO BUILDING SUPERVISOR OR PRINCIPAL

Step 1 – Any employee having a grievance should first orally review or discuss such grievance with his/her immediate supervisor. This should be done within five (5) days of the date which the incident occurred.

Step 2 – If discussion at Step 1 does not resolve the matter to the satisfaction of the employee, such employee will have the right to present the grievance in writing to the building principal/supervisor. This must be done within seven (7) days after completing Step 1 above. Failure to do so will mean that the grievance no longer exists. The written grievance will consist of a concise statement of the facts upon which the grievance is based and a reference to the specific provision of the contract, policy, rule, or regulation in questions. A copy of such grievance will be filed with the district's superintendent. The employee will have the right to include in the appeal a request for a hearing before the building principal/supervisor. Such a hearing will be conducted within five (5) working days after the principal's/supervisor's receipt of such request, and the aggrieved employee will be advised in writing of the time, place, and date of such hearing.

The building principal/supervisor will take action on the grievance within five (5) working days after the receipt thereof or, if a hearing is requested, within five (5) working days after the conclusion of said hearing. The action taken and the reasons for the action will be reduced to writing by the building principal and copies sent to the grievant and the district superintendent.

LEVEL TWO – WRITTEN APPEAL TO DISTRICT SUPERINTENDENT

Step 1 – If the decision of the building principal/supervisor does not resolve the grievance to the satisfaction of the employee, or if no decision is made within the allotted time, the grievant may appeal in

writing to the district superintendent. Failure to file such an appeal within five (5) working days from the grievant receipt of the written memorandum of the principal's/supervisor's decision will be deemed a waiver of the right of appeal. If, in appealing to the district's superintendent, the grievant requests to be officially heard by the superintendent, a hearing will be conducted by the superintendent within five (5) working days after the receipt of the request.

The superintendent will render a decision on the matter within five (5) working days after receipt of the appeal, or, if a hearing is requested, within five (5) working days after the conclusion of said hearing. The decision and the reason thereof will be reduced to writing and copies sent to the grievant and the building principal/supervisor.

LEVEL THREE – WRITTEN APPEAL TO THE BOARD OF TRUSTEES

Step 1 – If the action taken by the district superintendent does not resolve the grievance to the grievant's satisfaction, he/she may request in writing that the superintendent notify the board of trustees of the grievant's wish to be heard by the board. Any such request must include a brief statement of the question to be presented to the board. Failure to file such a request with the district superintendent within five (5) working days after receipt of the superintendent's decision on the grievance will cause the decision of the superintendent to become final judgment in the matter.

Upon receiving the grievant's request to be heard by the board, the district superintendent will, at the next regularly scheduled meeting of the board, deliver in executive session to the board the grievant's request to be heard together with copies of all correspondence and decisions from levels one and two. After examining these materials, the board may or may not grant the request.

Written notice of the board's decision on whether to grant the request will be rendered within thirty (30) calendar days of the board's receipt of the request. If the board decides to hear the matter, it will, if at all possible, make every effort to schedule the hearing at the next regularly scheduled meeting of the board; the grievant will be given written notice of the date, time, and place of such a hearing. Copies of the board's decision will be sent to the grievant, superintendent, and building principal/supervisor.

General Provisions

All notices to be given under this procedure by the district administration should be served by certified mail, return receipt requested.

At Level One/Step 1 there will be no representation. At Level One/Step 2 the grievant may be represented by a colleague or friend also employed by the district. At Level Two the grievant may have representation of his/her choosing exclusive of legal counsel. At Level Three the grievant and administration may be formally represented by legal counsel. Such counsel must be admitted to the practice of law in South Carolina and a member in good standing of the South Carolina state Bar. The district will not provide counsel for the grievant. If the grievant chooses to be represented by legal counsel at Level Three, written notice to the superintendent of that intent must be given not later than fifteen (15) calendar days prior to the scheduled date of the hearing before the board. Failure to give such notice could result in postponing of the hearing.

No person will be the object of administrative reprisal, sanction, or penalty of any kind for either activating or participating in the grievance.

Any hearing by the board will be private unless requested in writing by the grievant that it be public and permission for such is granted by the board of trustees. (Reference: Board of Trustees Policy GAEA; Administrative Ruling GAEA-R)

All permanent or interim employees are expected to visibly display, attached to their person, the approved Florence School District Three identification badge while on any property owned or leased by the board, during school hours or at any time the employee is acting in the course and scope of his/her employment with the board. This admission is for the employee only and does not admit anyone else accompanying the employee. Employees may be required to present other picture identification as well for admission.

MEETINGS

It is considered part of an educator's professional responsibilities to attend staff meetings as may be required for the proper functioning of the school. Regular faculty meetings are typically held on a weekly basis. Staff development meetings are scheduled in advance with notification given to staff members regarding attendance. All educators are expected to attend requested meetings.

NON-SCHOOL/DISTRICT EMPLOYMENT

Florence School District Three considers teaching and/or administrative duties in the district to be full-time employment. The district does recognize that a limited amount of college teaching and/or educational work with other agencies may be a rewarding experience and enhance professional growth.

Employees shall not at any time engage in any employment that would interfere with their effectiveness in performing their regularly assigned duties; would compromise or embarrass the school district; would adversely affect their employment status or professional standing; or would in any way conflict with assigned duties.

Employees will not engage in any other employment or in any private business during hours necessary to fulfill curricular and extra-curricular duties as assigned. No regularly employed personnel shall be gainfully employed in outside employment on a regular basis without reporting it to the principal or supervisor.

Gainful employment shall not be construed to apply to occasional services which, in the opinion of the superintendent, do not conflict with the regular duties of the employee.

All gainful outside employment must be approved by the superintendent to avoid a conflict of interest. Employees should put their request in writing to the superintendent, citing the name and type of employment, time, and dates of reporting, and the duration of such employment at the beginning of each fiscal year and at any time thereafter gainful outside employment is secured.

Consulting

Certified employees with special competencies may assist other school districts when this does not conflict with the duties of regular employment. Any payment of honoraria for such services, other than reimbursement for travel and meals, may be accepted only if the service has been conducted outside of the regular work day.

A request for consulting services must be made to the principal or supervisor and submitted to the superintendent for final approval.

Post-Secondary Teaching

Employees are limited to teaching one out-of-district course per semester. The employee's full obligations to the job must be met and teaching must occur after the employee's duties have been fulfilled at the conclusion of the work day.

Tutoring

School district buildings, facilities or equipment will not be used by district employees for tutoring or other private instruction for which the individual receives reimbursement without the approval of the superintendent.

In no case shall a teacher tutor for pay any child that may be in his/her class or upon whose evaluation or assignment they will be required to act.

OVERTIME

It is the policy of Florence County School District Three to abide by all applicable sections of the Fair Labor Standards Act (FLSA) and its later amendments. This overtime policy is applicable to all employees of Florence County School District three who are covered under the provisions of the Fair Labor Standards Act. The school district's intention is to assure good faith compliance with FLSA to the extent applicable to Florence County School District Three.

1. Exempt – All employees classified as “Exempt” from the overtime provisions of the Fair Labor Standards Act are paid for the accomplishment of assigned accountabilities rather than being paid for the number of hours worked in a work week. For example, a full-time exempt employee would be expected to work a 4-hour week at a minimum. Hours in excess of 40 by an exempt employee performing work that is usual and customary is considered “accomplishment of assigned accountabilities” for which there is no additional compensation whether in time off or pay. **The category of “exempt employees” includes, but is not limited to, teachers, administrators, and certain supervisory staff.**
2. Non-Exempt – All employees classified as “Non-Exempt” from the overtime provisions of the Fair Labor Standards Act must be paid for overtime hours worked or given compensatory time off. Overtime is paid or compensatory time given to non-exempt employees for hours in excess of 40 hours actually worked in a work week. However, work schedules can be reduced within a week of offset extra hours worked earlier in the week so as not to exceed 40 and thereby avoid an “overtime” situation. The work week begins Wednesday at 12:01 a.m. and ends the following Tuesday at 12:00 midnight. **The category of “non-exempt” employees includes, but is not limited to, teacher assistants, custodians, maintenance department employees, school food service workers, and certain office support employees.**
3. Approval to Work Overtime – No overtime hours will be worked by non-exempt employees unless approved in advance by the employee's building administrator or immediate supervisor . Work by a non-exempt employee who has not been requested by management but is nonetheless endured or permitted is still considered work time by FLSA. Therefore, no non-exempt employee will work, without the appropriate approval, prior to or after regularly scheduled hours, because such time would be considered overtime when in excess of 40 hours in the work week, even though the work had not been specifically authorized.

Building administrators and supervisors are responsible for ensuring that overtime hours are authorized, recorded, and properly documented for compensatory time off or overtime pay in accordance with the established record keeping forms and instructions. Non-exempt employees working beyond the

normal workweek without specified approval, and supervisors, who permit this, will be subject to disciplinary action. (Reference: Fair Labor Standards Act)

POLITICAL ACTIVITY

The district recognizes the rights of its employees, as citizens, to engage in political activity. Employees are prohibited, however, from any political activity that interferes with their performance on the job.

1. No employee may use his/her district position or any district facilities, equipment, or supplies in any political campaign. No employee shall solicit support for or opposition to any political candidate, partisan or nonpartisan, on district property during work hours, except that this prohibition shall not apply to an employee's vehicle.
2. An employee may become a candidate for political office as long as his/her candidacy for election to and service in the office in no way interferes with his responsibilities to the school district.
3. An employee who wishes to be a candidate for an elective or an appointed position on a governing board or agency must notify the superintendent and his/her immediate supervisor in advance of his/her candidacy or acceptance of an appointment and must verify in writing to them that the position will not conflict with state or federal law and/or regulations concerning the employee's right to serve (dual office holding, conflict of interest, etc.). This notice must also include the position sought and whether the employee intends to continue employment with the district. (Reference: Board of Trustees Policy GAHB)

REDUCTION IN FORCE

Recognizing that Florence School District Three has the responsibility to maintain appropriate public schools, the district must give primary consideration to the maintenance of a sound and balanced educational program. It may become necessary for the board to eliminate staff positions due to decreases in student enrollment, changes in curriculum, district reorganization, or financial exigency. The board has established the following procedure in the event of a necessary reduction in force (RIF).

Reduction in force terminations will be on a district-wide basis; therefore, the superintendent shall not be limited to considering only those employees in the particular school, area, or program in which the loss of enrollment, curriculum change, or financial exigency has occurred. Prior to commencing action to terminate staff members, consideration shall be given to the ability to achieve position elimination and/or reduction in staff by voluntary retirement or resignation, transfer, voluntary leave of absence, and part-time employment. The plan for a reduction in force shall be approved by the board of trustees.

The recommendation concerning specific certified employees to be terminated under this policy shall be based upon the following considerations. These considerations are not weighted equally and are subject to State Board of Education regulations.

- a) Professional experience
- b) Area(s) of certification
- c) Education level
- d) Performance evaluation
- e) Attendance record
- f) Experience in other areas of certification
- g) Principal's or supervisor's recommendation
- h) Type of contract
- i) Dedication and commitment to Florence School District Three

- j) Length of service in the district will be a consideration only where the need arises to choose for termination from among employees considered by the administration to be equally competent in their performance.

Certified employees are provided hearing rights before the board of trustees if they choose to exercise these rights upon receiving notice of termination under the district's Reduction in Force policy.

For two (2) years after the effective date of a termination pursuant to the provision of this policy, the board shall not replace the teacher whose employment has been terminated without first giving due consideration towards the re-employment of the terminated employee. (Reference: board of Trustees Policy GAT)

REPORTING ALLEGED VIOLATIONS OF LAW OR ORDINANCE

As employees of the Florence School District Three, all staff members are expected to observe and obey all laws and ordinances, in addition to all policies and procedures of our board of trustees. Any employee charged with or arrested for any violation (s) of a criminal, or serious traffic vehicular law (such as, vehicular homicide, hit and run, or any such law classified as a felony or for which a conviction could lead to incarceration) or ordinance, must report such fact in writing to the administrator in charge of the department, office, or school to which the employee is assigned no later than the next scheduled business day. In cases involving employee hospitalization and/or incarceration (jail) involving the stated violation, the employee shall report the alleged violation within 24 hours after his/her release. Such report shall include all pertinent facts concerning the alleged violations (s). Failure to truthfully report charges, as noted above, may subject the employee to disciplinary action up to and including dismissal.

It is the employee's responsibility to keep his/her appropriate administrator apprised of the judicial process in the matter. Upon judicial action in the matter, the employee must report the disposition and pertinent facts, in writing, to the administrator no later than the next scheduled business day following adjudication. The district does not permit employees or students the use tobacco for smoking or the use of smokeless varieties of tobacco of any kind, on district property (grounds included) or during district-sponsored activities. This policy will be strictly enforced, as follows:

(Reference: Board of Trustees Policy IFAA)

USE OF COPYRIGHTED MATERIALS

Florence County School District Three requires that all employees be knowledgeable of and adhere to all provisions of current federal copyright law Title 17 of US Code and Congressional "fair use" guidelines. The district recognizes and supports the limitations on unauthorized duplication and use of copyrighted materials in all formats, as well as contractual and licensing agreements pertaining to the instructional use of all formats, including electronically transmitted materials. Willful or serious violations are considered to be in violation of expected standards of behavior for employees, students, and school visitors and may result in disciplinary action in accordance with board policy. The legal and insurance protection of the district will not be extended to employees who unlawfully copy or unlawfully use copyrighted materials.

To protect staff members and the district against legal redress for alleged violation of the copyright laws, the person making the reproduction is responsible for determining that the action is within the law. When an individual is not certain, he/she should contact the principal of the school involved in order to ascertain whether copying falls under permitted use. If it does not, permission to produce materials must be obtained from copyright holders. (Reference: Title 17 of US Code; Congressional "Fair Use" Guidelines; Board of Trustees Policy IFAB)

Transmissions of any material in violation of any federal or state laws or regulations are prohibited; this includes, but is not limited to, copyrights material, threatening or obscene material, or material protected by trade secret.

Employees should be aware that there is no reasonable expectation of privacy with regard to their use of, and transmission of, information over district-owned computers and computer networks. The school district reserves the right to monitor such use and transmission and to take appropriate disciplinary action if it can be reasonable determined that an employee has violated acceptable use standards.

CELL PHONE USE BY STAFF

Florence County School District Three believes that the use of communication devices, such as cellular phones and other wireless communication devices, by staff during instructional time and while in the performance of assigned duty may have an adverse effect on classroom instruction and professional conduct as an employee of the district. Therefore, staff may not use cellular phone, electronic pagers or any other wireless communication devices within the school building during school hours and/or assigned duty as a representative of the district unless the device is used in an emergency or unless specifically designated by the building supervisor, or as part of the employee's assigned duties.

CERTIFICATE RENEWAL GUIDELINES

STATE LICENSING AND CERTIFICATION

State law requires all employees in "licensed" positions to hold appropriate licensure or certificates for their subject, grade level or professional assignment. "Appropriate" can mean a regular 5-year license or endorsement, out-of-field permits, or a "provisional" license or endorsement good for just the school year in question. The maintenance of a valid license in the area of assignment is the individual responsibility of the employee. Personnel who hold licenses which expire during a particular year must furnish documentation to the Human Resources Office that the required renewal credits, Praxis Test scores, semester hours of coursework, etc. have been completed.

Licensed employees must document 120 or more units of renewal credit during each five-year cycle to renew or extend their license. Florence County School District Three has a Certificate Renewal Plan that has been approved by the State Department of Education. The purpose of the certificate renewal plan is to provide a mechanism that will enable educators to apply a broad range of relevant professional development activities toward their certificate renewal. The certificate renewal plan is intended to:

- encourage educators to engage in meaningful, quality professional development activities that are directed toward promoting student achievement;
- ensure that educators are accountable for their continuous professional development; and
- be operationally efficient.

Description

The following certificate renewal guidelines apply to any person who holds a South Carolina educator's certificate. An educator's professional certificate is valid for five years and expires on June 30 of the expiration year. In order to be eligible for certificate renewal, the educator must earn a minimum of 120 renewal credits, as described in the renewal credit matrix, during the five-year validity period of the certificate.

- Verification forms will be reviewed and signed off on by the district coordinator.

Employment, Compensation and Evaluation

ASSIGNMENT AND TRANSFER

Assignments

The basic consideration in the assignment of personnel in the schools is the well-being of the instructional program. It is the policy of the board of trustees that assignment of personnel shall be made by the superintendent on the basis of the qualifications of the employee and the needs of the district. Whenever appropriate, consideration should also be given to the expressed desire of the individual.

Vacancies

In the case of vacancies in new or existing positions, consideration will be given to qualified applicants among present staff members who demonstrate the highest competencies for the vacant positions.

Transfers

The superintendent may make personnel transfers within the district on a voluntary or involuntary basis.

A. Voluntary Transfer

- a. An employee who desires a transfer to a lateral or similar position should complete an Application for Transfer form and submit it to the Office of Human Resources. The Human Resources Office will complete a list of transfer requests for distribution to the affected schools or departments.
- b. Principals and supervisors will consider transfer requests, along with applications from non-employees, and make a recommendation based on the individual he/she feels is best qualified to serve in the vacant position. Any district employee meeting the qualifications for the position and who has submitted an appropriate request for transfer shall be granted the opportunity to interview for the position.
- c. The effective date of transfer may be contingent on a satisfactory replacement in the employee's present assignment.

B. Involuntary Transfer

If, in the opinion of the superintendent, an involuntary transfer would be in the best interest of the effective and efficient operation of the district, the following procedure will be used:

- The superintendent or designee will discuss the need for the transfer with the employee's current principal or supervisor.
- The superintendent or designee will conduct a conference with the supervisor or principal of the position and/or school to which the transfer is being made.
- The superintendent or designee will discuss with the employee to be transferred the reasons why the transfer is being considered. If the superintendent determines that the transfer should be made, the employee will receive a written notice of the transfer and the effective date of such. Assistance with moving may be made by the Maintenance Department if possible. Refusal to comply with the transfer may be grounds for dismissal.

Approved self-initiated transfers for classified employees may occur at any time during the year as is appropriate to the work site and/or does not affect the instruction of students .

Changing from one health (if available) and/or dental plan to another can be done only during the open enrollment period. Changes in coverage options may be made during the open enrollment period or other times, with a documented "qualifying event" if done within thirty (31) days of the event. "Qualifying events" include but are not limited to: birth of a child, change in marital status, etc. See Insurance Benefit Guide.

Contact the Human Resource Office with questions concerning insurance and speak with the Benefits Specialist, or contact the customer service section of the appropriate insurance company.

Flexible Benefits

Florence County School District Three permanent full-time employees are offered a flexible benefits plan. This plan offers employees an opportunity to save money by paying for non-reimbursed medical expenses, dependent care expenses, and dental insurance with pre-tax dollars. Supplemental disability insurance is offered only on an after-tax basis. The open enrollment period for flexible benefits is October 1-31 each year. The effective date of coverage is January 1. Once enrolled, **NO** changes in coverage options may be made during the plan year for pre-tax coverage unless there is a benefit election status change/qualifying event. Additional information is available from the Human Resource Office or Insurance Benefits Guide.

Note: Employees must re-enroll in flexible spending accounts (medical and dependent care) each year. Other flexible benefits plans will carry over from year to year. The Flexible Benefits Plan is chosen through a competitive bid process and is periodically subject to change.

Dental Insurance

All permanent full-time employees of the school system are offered coverage under a group dental plan. Employees may elect to have their spouse and/or children covered by the same plan by paying a set monthly premium. Children up to age 26 may remain on your dental coverage. The open enrollment period for dental insurance is October 1-31 every odd year. The effective date of coverage is January 1. Once enrolled, **NO** changes in coverage options may be made during the plan year unless there is a benefit election status change/qualifying event. Additional information is available through the Office of Human Resources.

Life Insurance

Employees may elect to purchase additional coverage for themselves, their spouse and/or children with premiums being payroll deducted. Unmarried children up to age 19, or up to age 26 if enrolled as a full-time student (12 or more hours per semester) at a state accredited school or college is eligible for coverage. If an employee desires additional coverage after the initial election is completed, he/she must be approved by Met Life. Optional Life insurance coverage for the employee is calculated at 3 times his/her base salary. Optional life insurance coverage may be purchased at a maximum benefit of one-half (1/2) of the employee's optional life in \$10,000 increments for a dependent spouse up to \$100,000 and a benefit of \$15,000 per dependent child.

The life insurance plan has an “Accelerated Benefits Option” feature which may allow partial benefits if an employee is diagnosed with a terminal illness by a medical doctor. The employee may change beneficiaries and lower coverage at any time. To increase coverage, at any time, a “Statement of Health” must be completed and approval must be granted by life insurance carrier.

Removing Children from Insurance Coverage

Employees who have chosen to insure their children (health, life, and dental) may do so until: the child turns 26. At age 26, the child will be removed from coverage unless the child qualifies as incapacitated.

Continuation of Health/Dental Insurance Coverage Following Separation from Employment

Continuation of group health and dental insurance coverage and the health care flexible spending account is available to employee, spouse and/or dependents under the Consolidated Omnibus Budget Reconciliation Act (COBRA) and the Public Health Service Act (PHSA) as required by federal law. Certain qualifying events are governed by these COBRA regulations. Continuation of this coverage is paid by the member at a higher rate than the normal group rates, as allowed by federal law. An employee separating from employment will receive a letter, from the Human Resource Office, explaining termination of benefits. For more information concerning the COBRA regulations please contact your health insurance provider.

Continuation/Conversion of Life Insurance Following Separation from Employment

Continuation of life insurance coverage is available for the employee or family **only** through conversion or portability. Information is provided at separation.

HIPAA – Health Insurance Portability and Accountability Act

The HIPAA Act is a federal law that was passed in 1996. Additional guidelines were issued December 4, 2002. A portion of this federal law is called the Privacy Rule. **Through the Privacy Rule, the federal government is seeking to protect, and keep private, individual’s personal health information (PHI). The HIPAA Privacy Rule went into effect on April 1, 2003.** The State Health Plan has complied with the Privacy Rule. **Except for permitted uses and disclosures, the State Health Plan is not allowed to use or disclose your PHI without your written authorization. Employees may give written authorization for any purpose.**

Additional information and authorization forms may be obtained from the State Health Plan website at <http://statehealthplan.state.sc.us>.

Workers' Compensation Insurance

Provisions of the Workers Compensation Act are applicable to all paid school employees. Workers’ Compensation provides medical benefits and if applicable, a weekly compensation equal to 66 2/3% of the employee’s average weekly earnings for the year prior to the injury, up to a maximum established by the Industrial Commission each year.

When an employee is injured on the job, he/she must ensure that the immediate supervisor has knowledge of the injury **immediately** following the accident. The employee’s Accident/Incident Report **must** be completed and signed by the employee and forwarded to the district office within five (5) days. The completed Medical Information Release Authorization form must accompany the Incident Report. Forms are available at the schools and district office. Copies of the incident report and authorization form must be given to the employee. Another copy must remain on file at the site for five years. All originals must be sent to the district office. The injury claim will be reviewed and considered for compensable benefits as established under the Workers’ Compensation ACT. Filing a claim does not guarantee benefits. Your claims administrator will make a determination of compensability based on information obtained.

The district does not have a preapproved medical facility; however, if an employee is unable to see his/her doctor, the District’s Worker’s Compensation Clerk will schedule an appointment with a medical facility. The following services must be **recertified** for medical necessity: All Inpatient Services, Occupational Therapy, Pain Management, Work Hardening, and Physical Therapy beyond twelve (12) visits.

Eligible employees receive the Workers' Compensation weekly benefits, after the required regular waiting period of seven (7) calendar days, (including Saturday and Sunday), effective on the 8th day of the disability. **If the employee is out of work seven (7) calendar days or less, S. C. Law prohibits payment of lost wages.** During the seven-day waiting period, the employee may choose to use available sick leave or take leave without pay. If the injury results in disability of more than 15 calendar days, the Workers' Compensation weekly benefit is allowed from the date of the disability. For disabilities over eight (8) days, the employee has the option of using accrued sick leave in lieu of workers compensation benefits for lost wages or claim workers compensation benefits for lost wages in lieu of using sick leave.

While on Workers' Compensation leave, an eligible employee continues to accumulate vacation and sick leave if the employee earned such leave while working. Leave days earned while on Workers' Compensation leave will be added to the employee's leave account upon return to work. Absences for Workers' Compensation shall count as part of the employee's Family and Medical Leave Act (FMLA) entitlement for that year.

An employee who is injured in a work-related accident and qualified for Workers' Compensation benefits will have full access to a number of pharmacies for their prescription needs, and **will no longer have to pay for prescriptions out-of-pocket or file them with the group health carrier.** Prescription cards are available at the district office through the District Workers' Compensation Clerk. The employee is not to file any prescription charges on his/her group health insurance or HMO or pay for any medication. Also, he/she must go to one of the pharmacies listed on the form. If he/she goes to a pharmacy that is not on the list, then he/she must pay for the medications themselves and may not be reimbursed.

SICK DAY PAY OFF FOR RETIREES

Retiring employees from Florence County School District Three may be reimbursed for unused sick leave up to 20 days.

A request to split the balance between reimbursement and a remaining sick leave balance must be made in writing and may be approved at the discretion of the superintendent.

Reimbursement for sick leave will be calculated at the following rate:

Certified Employees:	\$50.00/day
Classified Employees:	\$25.00/day

To qualify for reimbursement, an employee must have ten (10) years of total experience in Florence County School District Three with the last five (5) years in the retirement system in the district. This option is only available at the time of initial retirement from the district and does not apply to the date of actual separation of employment.

A maximum of ninety (90) days may be used to calculate service credit in the South Carolina Retirement System.

LEAVE BENEFITS

Florence County School District Three employees should carefully consider the impact that their absence(s) will have on the overall instructional program, the achievement of students, consistent classroom discipline, and reduced cost to the district. Even the best substitute employee cannot provide the high level of service provided by the regular employee. Every employee absence diminishes the overall quality of the instructional program. It is the expectation that district employees will make every effort to come to work every day. The board recognizes, however, that certain absences are unavoidable. At such times, employees should take leave in accordance with this policy and its accompanying administrative rule. All leave will be earned on a pro rata basis as indicated by the employment period of the individual.

Use/Misuse of Leave

Approval or disapproval of any leave request shall be based upon the evaluation of the intrinsic merit of the request and the assessment of the impact of the employee's absence on the continuity of the instructional process and/or work site. The taking of unauthorized personal leave shall not be condoned and such is subject to disciplinary action.

The district may terminate the employment of any employee who fails to comply with the requirements of this policy and accompanying rule, who fails to report to work at the expiration of authorized leave or who fails to obtain an extension of leave.

An employee is subject to termination from employment with the district for misstatements of fact and/or misrepresentations of purpose for which leave of absence is desired or on the basis of which sick leave is obtained.

The district will not terminate from employment those employees under this policy who have accrued sick leave and who are using it in compliance with this policy. The district must not terminate from employment any such employee during a continuing sick leave of less than 91 workdays.

TYPES OF LEAVE

Sick Leave

All full-time employees of the district will accrue sick leave on the basis of one and one-fourth days of sick leave for each month of paid active service. Earnings will be posted the close of business the last payroll of the month. An employee may accumulate up to 120 days.

In extreme cases, the superintendent can approve an advance of leave after thorough review of the employee's circumstances which have led to the request.

Use of Sick Leave

An employee may use personal sick leave for illness of the individual from natural causes or accident.

An employee may use family sick leave for absences caused for illness of an immediate family member. The total number of days may not exceed 12 days for the use of sick leave days for illness of immediate family members. Additional use of sick leave for family illness may be granted at the discretion of the superintendent.

The term "immediate family" includes the following: employee's spouse, children, parents, grandparents, grandchildren, brothers, sisters, mother/father-in-law, daughter/son-in-law, and step-children/mother/father/siblings. Additional individuals under the immediate care of the employee may be approved for family sick leave at the discretion of the superintendent.

A principal or supervisor can request a doctor's statement for sick leave at any time. It is required for absences of more than 5 days. A leave of absence form must be completed for every sick leave period.

Family and Medical Leave Act

The board will provide leave to eligible employees consistent with the Family and Medical Leave Act (FMLA) of 1993. Eligible employees are entitled to up to 12 workweeks of unpaid family and medical leave in any 12-month period. The district will continue to pay the district's share of the employee's health benefits during the leave; in addition, the district will restore the employee to the same or a similar position after the termination of the leave. The employee is responsible for their contributions to additional coverage benefits.

An employee can use this leave for the following reasons.

1. to care for the employee's child after birth, or place for adoption or foster care;
2. to care for the employee's spouse, son, or daughter, or parent who has a serious health condition;
3. for a serious health condition that makes the employee unable to perform the employee's job;
4. to care for a family member on active duty or called to active duty status (26 weeks).

To be eligible you must have worked here for at least one year or 1,250 hours over a 12-month period. Medical verification is required to provide advance notice and medical certification. This must be given in advance of the leave being granted.

FMLA runs concurrently with sick leave. For example, an employee with 30 days of sick leave (6 weeks) uses that sick leave. Then they have 6 weeks of FMLA leave after exhausting their sick leave.

Personal Leave

Two (2) days of sick leave per year may be designated as personal leave for use by employees for individual business for employees on a minimum of a 190-day contract but not equal to a 220-day contract. Three (3) days of sick leave per year may be used for personal business for employees on 220-day or greater contract. A total of five days of personal days may be accumulated. Employees may take no more than two personal days at a time. Any days used for personal reasons in excess of that as entitled by policy must have prior approval of the supervisor/principal and superintendent or will be without pay.

Legal Absences/Legal Leave

The district will grant employees leave without loss of pay when they are summoned for jury duty or when they are subpoenaed for the purposes of school-related legal matters. Whenever a prospective juror is dismissed before the end of the working day, he/she will return to his/her official duties. South Carolina law provides that teachers, certified personnel at the building level or bus drivers may request and be released from jury duty during the school year.

Maternity Leave

A pregnant employee is eligible for extended illness leave. While on leave, she may receive pay for accumulated sick leave as provided herein. Adoption leave shall be granted as maternity leave. The employee must provide evidence of adoption prior to leave being granted. Provisions for Family and Medical Leave Act apply to maternity leave.

Military Leave

Employees may take military leave without loss of pay, seniority or efficiency rating for one or more periods not exceeding a total of 15 workdays in one year. Saturdays, Sundays, and state holidays may not be included in this 15 days unless the Saturday, Sunday, and state holiday is a regularly scheduled workday for the employee.

This leave may be taken when the employee is engaged in training or other duties ordered by the governor, the Department of Defense, the Department of the Army, the Department of the Air Force, the Department of the Navy, the Department of the Treasury, or any other department or agency of the government of the United States having authority to issue lawful orders requiring military service. This leave applies to employees who are either enlisted or commissioned member of the South Carolina National Guard, the United States Army Reserve, the United States Air Force Reserve, the United States Naval Reserve, the United States Marine Corps Reserve or the United States Coast Guard Reserve.

In the event an employee is called upon to serve during an emergency by the President of the United States or the governor of South Carolina, he/she will be entitled to such leave of absence for a period not exceeding 30 additional days.

An employee seeking leave for annual active duty training must forward a written request, a copy of his last orders, including the appropriate verifying data, to the superintendent no later than 30 days prior to the pre-arranged military activity.

Administrative Leave

The board believes that it is desirable to provide professional leave in order to attract and retain faculty who will continue to grow professionally and enhance their service to the public schools of the district.

The district may grant administrative leave to an employee for the purpose of attending activities designed to improve competency or to improve the instructional or service programs of the district.

The superintendent may authorize administrative leave for attending state, regional and national meetings, workshops and conferences (including observing in other schools) without pay deduction. The employee must apply for prior approval through his/her supervisor.

The superintendent or his/her designee will determine the number of absences allowable for administrative leave. Absences will also be subject to budget limitations for employing substitutes and reimbursement for travel, meals and lodging.

Non- Paid Leave

For emergencies or unusual situations not covered by the leave policies of the district, an employee may request non-paid leave for a period not to exceed two semesters within the same fiscal year. Because leave without pay can affect employee benefits, non-paid leave will only be granted after all other leave options have been exhausted.

A written request must be presented in the event of a medically-related request involving the employee or a family member, and a doctor's statement must accompany the request.

Professional training, education, or travel pertinent to an employee's teaching or administrative duties may be reasons for granting leave without pay. The employee must present a written statement indicating the benefit to the educator and the district for consideration by the principal/supervisor and superintendent. This request must be presented to the principal/supervisor and superintendent sixty (60) days in advance of desired date of participation.

All leave without pay is subject to the approval of the superintendent.

Vacation Leave

Each full-time, 237-day employee is entitled to ten (10) days of vacation leave with pay. An individual must be employed with the district **12 consecutive months** to be eligible to use earned vacation leave. Vacation leave will be awarded on the anniversary date of employee's initial employment. This leave will be prorated based on the fiscal year. Vacation leave will be awarded on July 1st but prorated if an employee does not complete their contractual obligation to the district for that fiscal year. Leave taken in excess of the accrued pro rata rate will be deducted from the employee's paycheck. Vacation does not accrue from one fiscal year to the next. Unused vacation leave cannot be carried over into the next fiscal year unless an exception is granted by the superintendent.

Organ Donor Leave

Employees may take a leave of absence to be an organ donor without loss of pay, time, or leave for one or more periods not exceeding a total of 30 workdays in one fiscal year. An employee seeking leave to be an organ donor must forward a written request, including the appropriate documentation from the attending physician verifying that the employee is the donor, to the superintendent no later than two weeks prior to the leave

Bereavement Leave

Three (3) days of leave are granted for bereavement in the immediate family (spouse, parent, child, sibling) related by birth or marriage. These days do not come from sick leave allocation. Bereavement for extended family members (grandparent, grandchild, uncle/aunt, niece/nephew) related by birth or marriage may be granted from accrued sick leave with supervisory approval.

Leave Without Pay

Florence County School District Three requires the employee to use available paid leave before going on leave without pay. An employee may be granted a leave of absence without pay for periods as granted at the discretion of the superintendent and in accordance with the rules and regulations adopted by the board of trustees. Extended leaves of absence may be granted in accordance with board policy and state regulations. Whenever possible, employees shall give advance notice of requests for leave of absence as documented appropriate board policy.

Return From Approved Long-Term Leave of Absence

When an employee returns to work from an approved long-term leave of absence without pay, the school district will attempt to place that employee in his/her original position if possible. However, in such cases when this is not possible, the employee will be placed in an equivalent position at another location within the school district. If insurance benefits were cancelled while on leave of absence, it is the employee's responsibility to re-enroll. An employee can call the Office of Human Resources for more information and assistance in enrolling in insurance benefits. (Reference: Board Policy GAM)

Other Employment While on Leave

Except for specific authorization found in the state disability plan, it is not the practice of Florence County School District Three to authorize a leave and allow employees to accept other employment. Any exceptions to this practice should be requested by the employee at the time leave approval is sought. Any employee on an approved leave of absence should request approval from the superintendent prior to accepting other employment. The request will be reviewed and a letter of notification will be mailed to the employee. If an employee is receiving short term disability and working at another job, the name of the employer, gross and net earnings and date of payment must be reported to the Finance Office.
