MISSION

The mission of Florence School District 3 is to ensure our students are college and/or career ready and are productive and responsible members of society.

VISION

Excellence and lifelong learning for all

BELIEFS/VALUES

- To inspire success for all
- To discover and maximize the potential of all
- To make decisions based on what's best for children
- Educating All Takes All

GOALS

1. To ensure the safety of all district schools, offices, students, and staff.
2. To improve the academic success of all students.
3. To increase the number of students reading on grade level in grades K-3.
4. To recruit, retain, and train excellent instructional and administrative staff.
5. To build effective school, community and business relationships/partnerships.
6. To ensure financial stability.

DRESS CODE

Students are expected to adhere to standards of dress and appearance that are compatible with an effective learning environment. Presently, a bodily appearance or wearing clothing which is disruptive, provocative, revealing, profane, vulgar, offensive or obscene, or which endangers the health and safety of students or others is prohibited.

Principals shall exercise appropriate discretion in implementing this policy, including making reasonable accommodations on the basis of students' religious beliefs or medical conditions. Individual schools are permitted to specify additional examples of dress or appearance that are prohibited at the schools under this policy.

If a student's dress or appearance is such that it constitutes a threat to the health or safety of others, distracts the attention of other students or staff from their work or otherwise violates this dress code, the principal or the principal's designee may require the student to change his/her dress or appearance. A repeated violation of this policy may result in disciplinary action.

ATTENDANCE POLICY

State law requires a parent/guardian to cause their children, from age five until the attainment of their seventeenth birthday or graduation from high school, to attend regularly a public or private school. If a student is not six years of age on or before the first day of September in a particular school year, the parent/guardian may elect for his/her child not to attend kindergarten. For this purpose, the parent/guardian must sign and provide to the district a written document making such an election. The Board expects school-aged children to attend school regularly. The district shall develop procedures to implement this policy.

FAMILY EDUCATIONAL RIGHTS PRIVACY ACT (FERPA)

This is to advise parents that pursuant to the Federal "Family Educational Rights and Privacy Act of 1974" (FERPA), and its implementing regulations, as well as District policy and regulations, parents/guardians or students under 18 years of age and students over 18 years of age ("eligible students") are entitled to certain rights with respect to a student's education records. These rights are set forth below:

1. Parents/Guardians and eligible students have a right to inspect and review the student's education records defined by law to include those records, files, documents, and other materials which contain information directly related to the student and are maintained by the District or by a person acting for the District. A parent/guardian or an eligible student shall make a request for access to that student's education records, in writing to the Building Principal of the school at which the student is, or was last, in attendance. Upon receipt of such request, arrangements shall be made to provide access to such records within a reasonable period of time, but in any case, not more than forty-five (45) days after the request has been received.
2. Parent(s)/guardian(s) and eligible students are also entitled to challenge the contents of such records, to ensure that they are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, and to ask for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein. Parents/guardians and eligible students are also entitled to notice of any decision by the District not to amend a student's education records as requested by the parent/guardian or eligible student, and of their right to a hearing regarding the District's denial of a request for such an amendment. Any questions concerning the procedure to be followed in making a challenge and/or requesting a hearing should be directed to the Superintendent.

EMERGENCY SCHOOL CLOSING ANNOUNCEMENTS

In the event of school closings due to weather or other emergencies, announcements will be made on the district website and Facebook page as well as local television and radio stations.

3. Parents/guardians and eligible students have a right that student education records, and any material contained therein which is personally identifiable, are confidential and may not be released or made available to persons other than parents/guardians or eligible students without the prior written consent of such parents/ guardians or eligible students except:
 - d. as directory information unless the parent/guardian or eligible student objects by October 1 of each school year. District student directory information includes name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height (if members of athletic teams), degrees and awards received, and the name of the educational agency or institution previously attended by the student. Parents/Guardians and eligible students may refuse to let the District designate any or all of the above information about the student as directory information. Any parent or eligible student who objects to the release of any or all of this information without consent must notify, in writing, the principal of the school where the records are kept by September 12, 2016. The objection must state what information the parent or student does not want to be classified as directory information. If no objection is received by September 12, 2016, the information will be classified as directory information until the beginning of the next school year;
 - e. to another school district in which a student seeks to enroll or intends to enroll, upon request by such district;
 - f. to individuals employed by the District either as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel, school board members when acting as a corporate entity in the discharge of statutory duties and responsibilities, and individuals with whom the District has contracted to perform a special task. (i.e., the school attorney, auditor, medical consultant or therapist) who have a legitimate educational need for access to such records. A legitimate educational need for any of these individuals to access a student's records without prior written consent of a parent/guardian or eligible student will be deemed to exist only when it can be shown that such access and disclosure is necessary for any such individual to fulfill his/her professional responsibilities, or

- g. as otherwise expressly permitted by law.
4. Parents/guardians and eligible students have a right to obtain a copy of the district's policy and accompanying regulation pertaining to the confidentiality of student education records. A copy of said policy and regulation may be obtained from the Building Principal of the school at which the student is, or was last, in attendance.

If you feel that your rights under the "Family Educational Rights and Privacy Act of 1974" have been abridged as a result of alleged failures by the District to comply with the requirements of FERPA, you may file a complaint with the U.S. Department of Education, Family Policy Compliance Office, 600 Independence Avenue, S.W., Washington, D.C. 20202-4605.

ACCEPTABLE USE POLICY FOR STUDENTS

Florence School District 3 recognizes the value of computer and other electronic resources to improve student learning and enhance the administration and operation of its schools. While these systems have the power to deliver resources to classrooms, facilitate communication and enhance education, their effectiveness depends on the responsible, ethical, and honest use by every individual. DISCIPLINE (Board Policy JCDA)

Florence School District Three believes that most disciplinary problems will be handled in a calm, reasonable manner between teacher, student, and parent. When the learning

opportunities of other students are affected, the teacher, the assistant principal, and/or the principal must and will take appropriate disciplinary action. Consequences could be quick-outs, silent lunches, loss of extracurricular activities, placement in a different classroom, and/or discipline referrals. Teachers and administrators may question students about any matter pertaining to the operation of the school and/or enforcement of its rules.

Each student consequence is handled on an individual basis, depending on the nature of the disciplinary event and the number of office referrals on file at the time of the new referral. The actions taken with any other children involved in the incident will NOT be discussed with anyone other than that child's parent(s). If a fight should occur, with both parties passing licks, both students will be sent home regardless of who started the fight. The principal has the discretion, depending on the circumstances and the number of previous office referrals, to determine the number of out-of-school suspension days. Students are prohibited from bringing weapons of any kind to school. If this should happen, it will be an immediate suspension pending a district hearing.

Suspensions of five (5) days or less may only be appealed to the building principal.

A specific plan has been developed for managing student behavior in the classroom. The plan will be discussed with students and a copy of the rules and consequences will be sent home for parent's signature at the beginning of the school year.

The following listing of offenses and the required or recommended dispositions are submitted for the information of students, parents, and school personnel. Disciplinary actions will include appropriate hearings and review, and the removal of a student from the learning environment will occur only for just cause and in accordance with due process of law.

Florence School District 3 schools will not tolerate the possession of weapons capable of bodily harm, nor being under the influence of or in possession of mind-altering substances. Such violators will be removed from school and recommended for expulsion.

The following rules, regulations and due process procedures are designed to protect all members of the educational

community in the exercise of their rights and responsibilities. These rules are effective during the following times and in the following places:

- On the school grounds during and immediately before or immediately after school hours.
- On the school grounds at any other time when the school is being used by a school group; or whenever the safety and protection of school property is involved;
- Off the school grounds at a school activity, function or event; or whenever the conduct may involve the safety and welfare of students, staff or other school officials.
- En-route to and from school on a school bus or other school vehicle at the location deemed to be the bus stop.

Note: Procedure for handling violations: Teacher will ask for I.D. (if applicable); students are expected to honor this request. Refusal will result in out-of-school suspension.

DISCIPLINE CODE FOR BUSES

The public school transportation system is designed to be safe, economical, and efficient. We view the system as an integral part of your child's education program. Transportation for students on a state-owned bus is a privilege and not an absolute right. We expect all passengers to behave and act in a mature, responsible manner. We believe that all students can behave appropriately when required to do so.

A student must ride his/her assigned bus at all times. Permission to ride a different bus may be granted only by the school's administrator, provided there is space available and a signed, written parental request for such permission is submitted to the school. A copy of the parental request will be kept on file at the school. Telephone calls will not be accepted. This places your child at risk.

BASIC SCHOOL BUS RULES

- Keep hands feet, and objects to yourself.
- Sit in assigned seat and remain seated while the bus is in motion.
- Do not use profane or obscene language, gestures, or loud noises.
- Do not vandalize the bus and equipment in any manner.
- Do not use tobacco, radios, or any other unauthorized materials on the bus.
- **ABSOLUTELY NO EATING OR DRINKING ON THE SCHOOL BUS.**

- Obey the bus driver's requests at all times for safety reasons.

CONSEQUENCES FOR BUS RULE VIOLATIONS

Consequences for violation of bus rules may result in loss of bus riding privileges, either temporary or permanent. For more detailed information, contact your child's school.

For an offense that the principal/bus supervisor considers major and may endanger the safety of passengers /driver, the student may be removed from the bus immediately and the principal/bus supervisor may impose a more severe punishment.

Please be sure you have your child at the bus stop before the bus actually comes to a complete stop. If the driver has to wait on children to come out of the houses, it will cause the bus to run late for school. Please have your children ready and waiting at the appropriate time. If you want to talk with your child's bus driver, please call the school to arrange a meeting. For safety and time reasons, please do not attempt to talk with the driver at the bus stop.

NOTICE REGARDING THE USE OF CAMERA SURVEILLANCE ON SCHOOL PROPERTY

For the safety of our students, staff and visitors, Florence School District 3 employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time. Surveillance cameras will be utilized only in public areas where there is no "reasonable expectation of privacy." Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums; and cafeterias. Surveillance cameras will not be installed in "private" areas such as restrooms, locker rooms and changing areas.
